Damodara Fun Month

Day 29 & 30

My sweet Lord, the month dedicated to our meditation of You is ending, I really wish that you always remain in my mind and heart, allow me that my daily activities become a constant meditation at Your lotus feet and so in this way I will always be with you!

We will make a board game to play a fun game! This game will be a constant meditation on Krishna and His pastimes!

Day 29 & 30

Rules of the game

Number of players: 2/6.

Each player must choose a character. Whichever player gets the highest number while rolling the die, gets to move first.

Each player must roll the die and move as many spaces as the die indicates. Whatever colour box one lands on, the player must take a card of the colour of the square, read the card aloud and answer the question. If the player is unable to answer the question, they must move backwards with the number rolled with the die. If the player answers the question, he/she stays in the current square. If two players are left in the same square they must take a black card and follow the directions indicated.

The player who reaches the finish line first, wins.

Have fun!!!

Day 29 & 30
